Accordingly, the non-refundable upfront premium paid to the MIDC and the expenditure incurred on construction, modernization and upgradation of the Airport are classified as "Intangible Assets".

ii) Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is recognised.

f) **Depreciation / Amortisation:**

Tangible Assets:

Fixed assets are depreciated under the straight line method as per the rates and in the manner prescribed under Schedule II of the Companies Act, 2013.

The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly. Such changes are accounted for in accordance with AS 5 Net profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.

g) **Retirement Benefits**

A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

l) **Provisions**

Provisions are recognised when the Company has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation.

m) **Contingent liabilities:**

A contingent liability is a possible obligation that arise from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is probable that an outflow of resources will not be required to settle the obligation. However, if the possibility of outflow of resources, arising out of present obligation, is remote, it is not even disclosed as contingent liability. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial assets. Contingent assets are neither recognized nor disclosed.

n) **Cash and cash equivalents:**

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.
