## **Reliance Defence & Aerospace Private Limited**

### **Notes annexed to and forming part of the Financial Statements**

#### **Background of the Company:**

The main objective of the Company is to carry on in India and elsewhere the business of dual use military and civil platforms with primary focus on fixed wing, rotary wing, land and naval platforms.

#### **1. Significant Accounting Policies:**

##### **(a) Basis of preparation of financial statements**

The financial statements are prepared on an accrual basis of accounting and in accordance with the generally accepted accounting principles in India (Indian GAAP), and comply in material aspects with the Accounting Standards specified under Section 133 of the Companies Act, 2013 (read with Rule 7 of the Companies (Accounts) Rule, 2014).

##### **(b) Presentation and disclosure of financial statements**

The Preparation and presentation of financial statements is made in accordance with the requirements of Schedule III under the Companies Act, 2013.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current – non current classification of assets and liabilities.

##### **(c) Use of Estimate**

The preparation and presentation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosures of contingent liabilities as on date of the financial statements and reported amount of revenue and expenses during the reporting year. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets and liabilities in future periods. Difference between the actual results and estimates is recognized in the period in which the results are known / materialized.

##### **(d) Revenue Recognition Policy**

Dividend on investment is recognized when the right to receive the payment is established.

Income from investments is recognized based in the terms of the investment. Income from mutual fund schemes having fixed maturity plan is accounted on declaration of dividend or on maturity of such investments. Interest income is recognized on a time proportion basis after taking into account the principal amount outstanding and the rate applicable

All other types of Income and Expenses are recognised on accrual basis of accounting.

##### **(e) Accounting for Taxes on Income**

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961. Deferred tax resulting from "timing differences" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantively enacted as on the balance sheet date. The deferred tax asset is recognised and carried forward only to the extent that there is a reasonable certainty that the assets will be realised in future. However, in respect of unabsorbed depreciation or carry forward loss, the deferred tax asset is recognised and carried forward only to the extent that there is a virtual certainty that the assets will be realised in future.

## **Reliance Defence & Aerospace Private Limited**

### **Notes annexed to and forming part of the Financial Statements**

#### **(f) Investments**

Investments which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

#### **(g) Borrowing Costs**

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

#### **(h) Provisions**

Provisions are recognized when the Company has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation.

#### **(i) Contingent liability and contingent assets**

A contingent liability is a possible obligation that arise from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is probable that an outflow of resources will not be required to settle the obligation. However, if the possibility of outflow of resources, arising out of present obligation, is remote, it is not even disclosed as contingent liability. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in notes to the financial statements. Contingent assets are neither recognized nor disclosed in the financial statements.

#### **(j) Cash and cash equivalents**

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and demand deposits with banks and short-term investments with an original maturity of three months or less.

#### **(k) Earning Per Share**

Basic earnings per share are calculated by dividing the net profit or loss for the reporting period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

**Reliance Defence & Aerospace Private Limited**

**Notes annexed to and forming part of the Financial Statements**

**10. Segment wise Revenue, Results and Capital Employed**

The Company has not commenced its commercial operation hence; there are no separate reportable segments as required under Accounting Standard 17 “Segment Reporting” as prescribed under Section 133 of the Companies Act, 2013.

**11 Related Party Disclosure**

As per Accounting Standard – 18 as prescribed under Section 133 of the Companies Act, 2013, the Company’s related parties and transactions are disclosed below:

**Reliance Defence & Aerospace Private Limited**

**Notes annexed to and forming part of the Financial Statements**

13. The Company's net worth has been eroded, however in the opinion of Board of Directors of the Company, in view of adequate financial support from its Promoters it is appropriate to apply the Going Concern assumption in the preparation of the financial statements as on March 31, 2016. Hence the financial statements have been prepared on the basis that the Company is a Going Concern and that no adjustments are required to the carrying value of the assets and the liabilities
14. **Disclosure under Micro, Small and Medium Enterprises Development Act, 2006**
- There are no Micro and Small Scale Business Enterprises, to whom the Company owes dues, which are outstanding for more than 45 days as at March 31, 2016. This information as required to be disclosed under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company.
15. Since there is no timing difference between the taxable income and accounting income, the question of recognizing deferred tax assets / (liability) does not arise.
16. Information to the extent not disclosed, with regards to Matters specified in 5 of the Schedule III of the Companies Act, 2013 is either Nil or not applicable to the Company for the period ended March 31, 2016.
17. Figures for the previous period have been regrouped/reclassified/rearranged wherever necessary to make them comparable to those for the current year. Figures in bracket indicate previous year's figures.
